The NEW fau-beamer Demo

The LaTeX template according to the 2021 FAU corporate guide

Tim Roith
Friedrich–Alexander Universität Erlangen–Nürnberg, Department Mathematik
January 27, 2022

Outline

1. Example Section
1.1 Subsection A
1.2 Subsection B

2. The Color Scheme

3. The Frame Dimensions

4. Citing and bibliography

1. Example Section
1.1 Subsection A
1.2 Subsection B

2. The Color Scheme

3. The Frame Dimensions

4. Citing and bibliography

An Example Slide

With a subtitle

This is how a normal slide looks like, where plain text is put within the `frame` environment.

Blocks

You can use blocks with this template.

Block headline

This block spans all the way from the left to the right margin.

Using minipages one can use blocks of certain fixed sizes.

Headline A

Some text.

Headline B

Some other text
that spans
over multiple lines.

Headline C

Even more text
that spans
over multiple lines.

Top aligned

In this frame everything is aligned on top.

Bottom aligned

In this frame everything is aligned on the bottom.

You can use the itemize environment that looks as follows.

- An item.
- Another one.
  - A subitem.
  - Another subitem.
- And another item.

You can also use the enumerate environment.

1. The first item.
2. The second one.
3. The third one.

Using Overlay Specifications

Using Overlay Specifications

- The first item.

Using Overlay Specifications

- The first item.
- The second one.

Using Overlay Specifications

- The first item.
- The second one.

Framed Text

This should be displayed after the list.

Using Overlay Specifications

- The first item.
- The second one.

Framed Text

This should be displayed after the list. This should be displayed last.

We can also have subsections

When there is one subsection, there probably should be another.

1. Example Section
1.1 Subsection A
1.2 Subsection B

2. The Color Scheme

3. The Frame Dimensions

4. Citing and bibliography

Choosing the Institution

You can specify the institute template by passing it to package, i.e.,

`\usepackage[institute=<option>]{styles/beamerthemefau},`

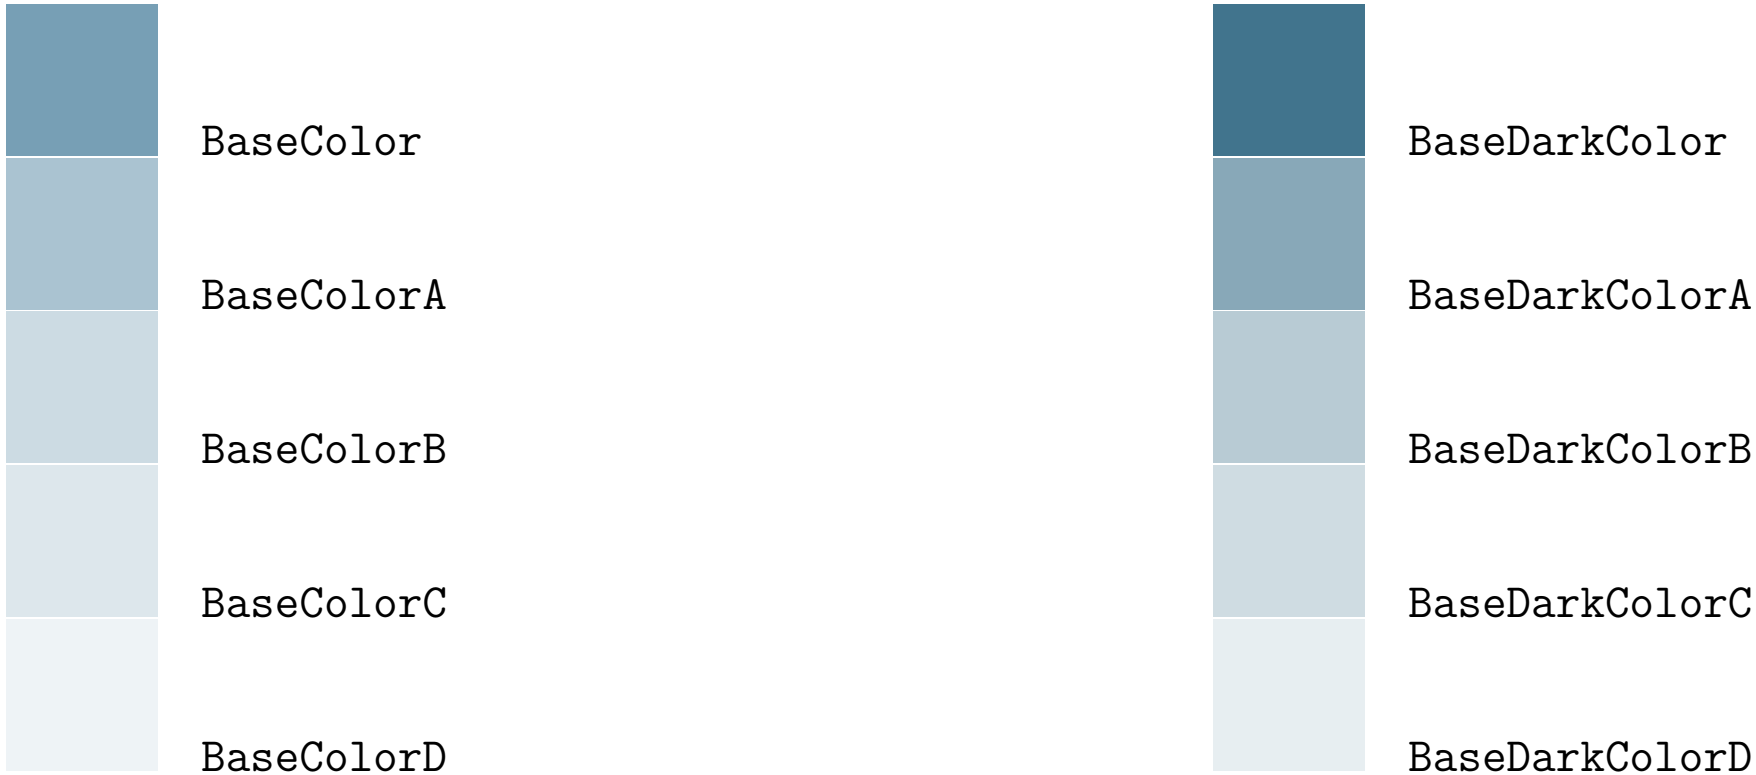
where you have the following options,

- FAU
- RW
- Med
- Nat
- TF

The Colors

Base and Dark scheme

For each institute the color scheme consists of two main colors, which are named `BaseColor` and `BaseDarkColor`. They can be used throughout the document. For each of theses colors, adding a letter from A to D will create a lighter shade as displayed below.



1. Example Section
1.1 Subsection A
1.2 Subsection B

2. The Color Scheme

3. The Frame Dimensions

4. Citing and bibliography

Text Area

The area you can fill in a normal frame

This area can be filled on a normal frame.

This area can be filled on a frame without a title.

This area can be filled on a plain frame.

This area can be filled on a true plain frame with removed margins.

1. Example Section
1.1 Subsection A
1.2 Subsection B

2. The Color Scheme

3. The Frame Dimensions

4. Citing and bibliography

Citing

Since we use `biblatex` we can easily cite our favourite articles, like [Bun+21a; Bun+21b]. For presentation the `footnote` command is useful to have citation at the bottom[1].

[1] [Bun+21a]

References

To show the references used within this presentation we can use the `printbibliography` command from `biblatex`. For beamer documents it is important to give the additional option `[heading=none]`.
