

# The NEW fau-beamer Demo with a very, very, very, very, very long title

The LATEX template according to the 2021 FAU corporate guide

#### **Tim Roith**

Friedrich-Alexander Universität Erlangen-Nürnberg, Department Mathematik April 9, 2022

#### Introduction

#### What is this?

This file demonstrates the fau-beamer style, which is a style for the Latext beamer class, which allows to create presentation slides in Latext. The design is based on the FAU corporate style guide 2021.

This code for this template was written by Tim Roith. If you have questions about the template or found a mistake you can send an email to tim{dot}roith{at}fau{dot}de or open a issue at the GitHub repository.

#### **Outline**

- 1. Example Section
- 1.1 Subsection A
- 1.2 Subsection B
- 2. The Color Scheme
- 3. The Frame Dimensions
- 4. Citing and bibliography

## 1. Example Section

- 1.1 Subsection A
- 1.2 Subsection B
- 2. The Color Scheme
- 3. The Frame Dimensions
- 4. Citing and bibliography

## **An Example Slide**

With a subtitle

This is how a normal slide looks like, where plain text is put within the frame environment.

FAU T. Roith fau-beamer April 9, 2022 5/25

#### **Blocks**

You can use blocks with this template.

#### **Block headline**

This block spans all the way from the left to the right margin.

Using minipages one can use blocks of certain fixed sizes.

#### **Headline A**

Some text.

#### **Headline B**

Some other text that spans over multiple lines.

#### **Headline C**

Even more text that spans over multiple lines.

## A very very very very very very long title

FAU T. Roith fau-beamer April 9, 2022 7/25

## Top aligned

In this frame everything is aligned on top.

FAU T. Roith fau-beamer April 9, 2022 8/25

## **Bottom aligned**

In this frame everything is aligned on the bottom.

#### Lists

## FAU

#### Itemize and enumerate

You can use the itemize environment that looks as follows.

- An item.
- Another one.
  - A subitem.
  - Another subitem.
- And another item.

You can also use the enumerate environment.

- 1. The first item.
- 2. The second one.
- 3. The third one.

FAU T. Roith fau-beamer April 9, 2022 11/25

• The first item.

- The first item.
- The second one.

- The first item.
- The second one.

#### Framed Text

This should be displayed after the list.

- The first item.
- The second one.

#### **Framed Text**

This should be displayed after the list. This should be displayed last.

FAU T. Roith fau-beamer April 9, 2022 11/25

We can also have subsections

FAU T. Roith fau-beamer April 9, 2022 12/25

When there is one subsection, there probably should be another.

FAU T. Roith fau-beamer April 9, 2022 13/25

## 1. Example Section

- 1.1 Subsection A
- 1.2 Subsection B

#### 2. The Color Scheme

3. The Frame Dimensions

4. Citing and bibliography

#### **Choosing the Institution**

You can specify the institute template by passing it to package, i.e.,

\usepackage[institute=<option>]{styles/beamerthemefau},

where you have the following options,

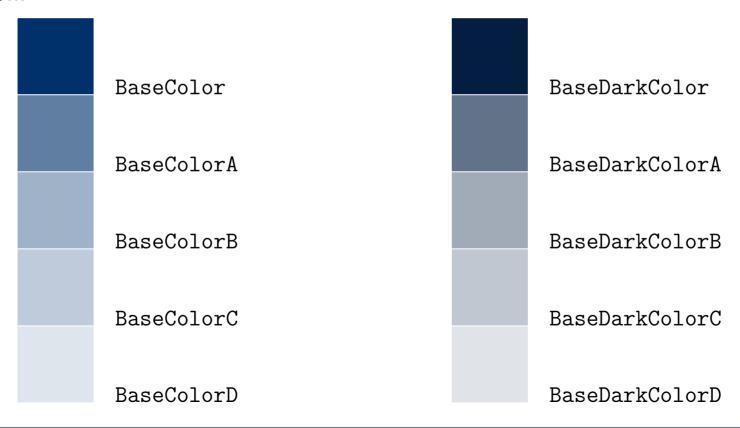

- FAU
- RW
- Med
- Nat
- TF

#### **The Colors**

#### Base and Dark scheme

For each institute the color scheme consists of two main colors, which are named <code>BaseColor</code> and <code>BaseDarkColor</code>. They can be used throughout the document. For each of theses colors, adding a letter from A to D will create a lighter shade as displayed below.

## 1. Example Section

- 1.1 Subsection A
- 1.2 Subsection B

#### 2. The Color Scheme

#### 3. The Frame Dimensions

4. Citing and bibliography

#### **Text Area**

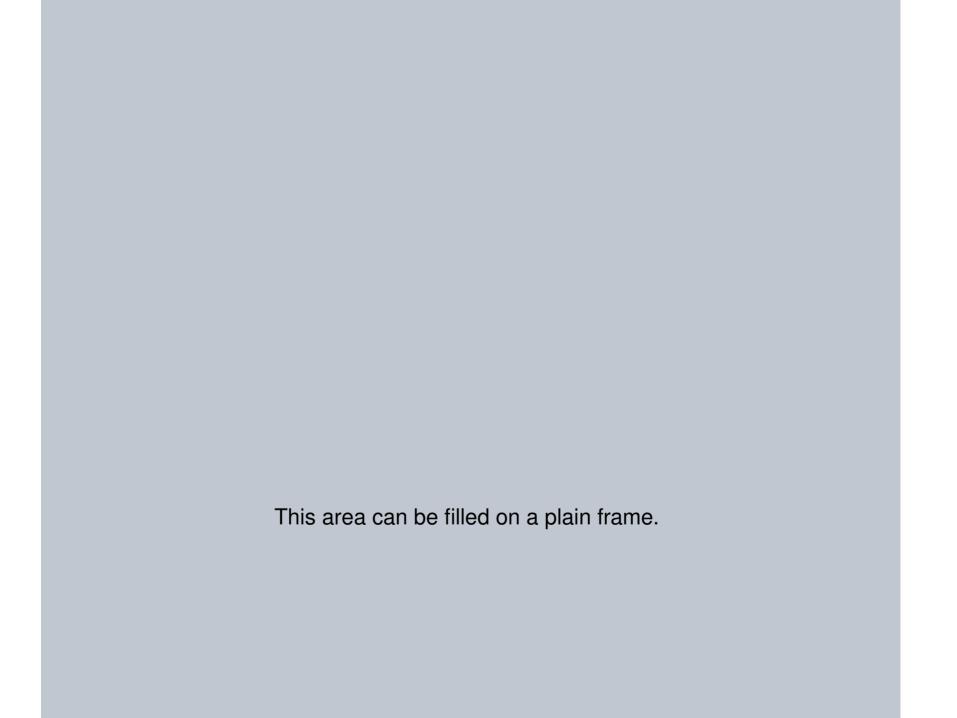

The area you can fill in a normal frame

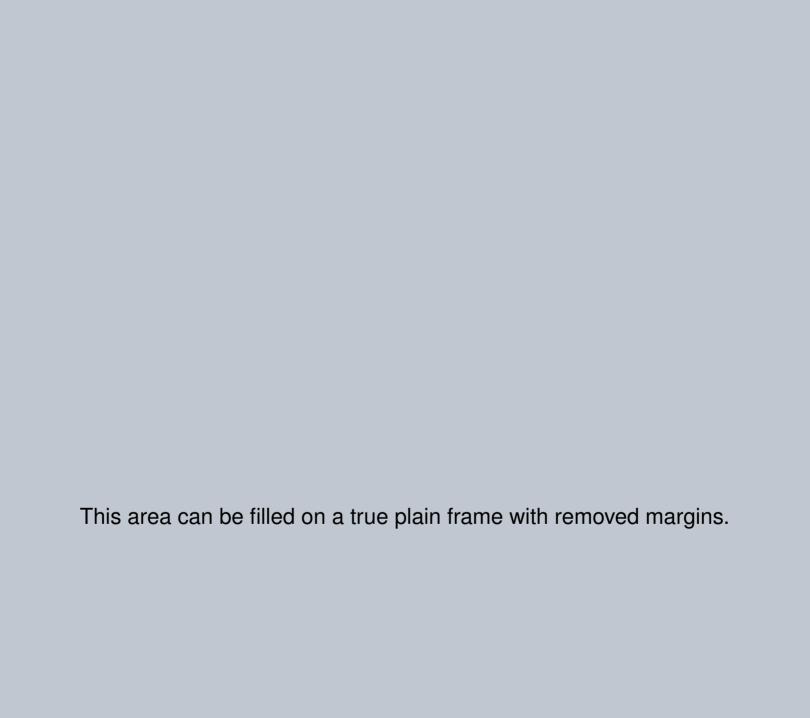

This area can be filled on a normal frame.

FAU T. Roith fau-beamer April 9, 2022 18/25

This area can be filled on a frame without a title.

FAU T. Roith fau-beamer April 9, 2022 19/25

## 1. Example Section

- 1.1 Subsection A
- 1.2 Subsection B

#### 2. The Color Scheme

## 3. The Frame Dimensions

## 4. Citing and bibliography

## Citing

Since we use biblatex we can easily cite our favourite articles, like [Bun+21a; Bun+21b]. For presentation the footnote command is useful to have citation at the bottom<sup>1</sup>.

#### References

To show the references used within this presentation we can use the printbibliography command from biblatex. For beamer documents it is important to give the additional option [heading=none].

#### Refernces

[Bun+21a] L. Bungert, T. Roith, D. Tenbrinck, and M. Burger. "A Bregman Learning Framework for Sparse Neural Networks". In: (2021).
