Introduction

What is this?

This file demonstrates the fau-beamer style, which is a style for the LaTeX `beamer` class, which allows to create presentation slides in LaTeX. The design is based on the FAU corporate style guide 2021.

This code for this template was written by Tim Roith. If you have questions about the template or found a mistake you can send an email to tim{dot}roith{at}fau{dot}de or open a issue at the GitHub repository.
